Optional cover card

Bab's bedtime routine cards

Establishing a fun and calming bedtime routine with your child can help shorten the evening settling process and set everyone in your house up for a good night's sleep.

Bab's bedtime routine cards are the perfect way to do this.

**Enjoy
Love from Bab**

Tip: Involve your child in creating the order for their special nightly routine: Should we tidy up toys before bath time or after? When will we have our story each night?
